

## Under Car & Hood Accessories - Air Intake Systems - Cold Air Intake

Part Number 82214741

This bolt-on system is designed to allow cooler outside air in through a directional cone filter and funnel it directly into the intake manifold. This kit provides noticeable horsepower and torque gains under varying atmospheric conditions.

The new active Ram Air Duct readily adapts to the Sport Performance Hood. It increases the volume of outside air channeled into the Mopar® Cold Air Intake system. There are measurable gains in horsepower and torque at certain speeds and atmospheric conditions which result in improved fuel economy. The kit includes all attaching hardware and gaskets. Required Mopar® Cold Air Intake system sold separately.

Install Time: 0.7 hrs.
