Bug Deflector with Fender Shields
(shown on Durango)

Bug Deflector with Fender Shields
(shown on Ram Pickup BR/BE)

Bug Deflector on 2002 Ram Pickup 1500

Bug Deflector on Jeep Liberty

MOPAR FEATURES

- Designed and molded to match hood contours
- Molded wraparound; fender shields available
- Constructed of virtually unbreakable Lexan®
- Does not affect windshield wiper or washer operation; creates an airstream that helps direct bugs, grit and road spray up and away from hood and windshield
- Features Ram's Head or Jeep® Brand logo
- Tested to ensure no mirror flutter
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it a noncontour fit?
- Is it constructed of breakable acrylic?
- Does the shield affect windshield wiper or washer performance?
- Logos are exclusive to Mopar, Jeep, Dodge and DaimlerChrysler Corporation
- Will shield disrupt airflow and cause mirror flutter?
- Does the warranty compare?

*Check your market for your competitive situation.

82202292

82205892

PT Cruiser Ten-Disc CD Changer

- Complete kit for PT Cruiser equipped w/radios, w/CD changer controls
- Operates with CD changer controls on radio faceplate
- Magazine holds ten discs for hours of listening pleasure
- Mounts conveniently under either front seat

Six-Disc CD Changer

- Magazine holds six discs for hours of listening pleasure
- Viscous antivibration system prevents skipping
- Available for CD changer-controlled radios and FM-Modulated Kit for complete vehicle coverage
- FM-Modulated Kit (2001 PN 82202292/2002 PN 82207481) with credit card-size remote and wired remote provides disc select, random play, fast forward/reverse and track repeat features
- CD Changer incorporates software to interface with DaimlerChrysler Corporation CD changer-controlled radios
- Installation Kits sold separately

82204730

Twelve-Disc FM-Modulated CD Changer

- Works with any radio without CD changer controls
- Dual hybrid dampers to help prevent skipping
- Super-fast mechanism for rapid disc changing
- 150-disc programmable title memory
- Silent action for low noise
- Illuminated eject button on changer
- Complete with infrared and wired remote controllers

MOPAR FEATURES

- Mopar CD Changers are guaranteed to be compatible with DaimlerChrysler CD changer-controlled radios
- CD Changer uses viscous silicone dampeners to prevent skipping
- Four-Disc CD Changer is custom fit to existing space in instrument panel in many DaimlerChrysler vehicles, without unsightly adapters
- Custom-fit brackets/consoles allow for convenience of use, keeps changer out of sight
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does the CD changer control interface with DaimlerChrysler Corporation CD changer-controlled radios?
- Does aftermarket use conventional rubber dampeners that are not as resistant to skipping?
- No known comparable aftermarket product
- Does the warranty compare?

*Check your market for your competitive situation.

RADIO MOUNTING APPLICATION

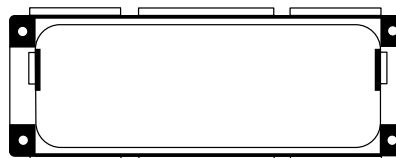

Year	Vehicle Line
2001/1997	Cherokee, Wrangler, B-Van, Ram
2002/1997	Wrangler, B-Van, Ram 2500/3500

Mount Style 1

RADIO MOUNTING APPLICATION

Year	Vehicle Line
2002/1998	Concorde, Intrepid, LHS, 300M
2002/1999	Grand Cherokee
2002/2001	Neon, PT Cruiser, Sebring/Stratus Coupe and Sedan, Sebring Convertible, Minivan, Durango, Dakota
2002	Liberty, Dodge Ram 1500

Flush Mount Style 2

MOPAR FEATURES

- Large radio makes controls easier to see and use
- "Perfect-fit mounting" eliminates squeaks and rattles
- Backlighting and vacuum fluorescent display match instrument panel exactly
- Electronically filtered to prevent damage to radio from voltage extremes and spikes
- Radio frequency emissions are kept at safe levels to avoid interference with vehicle electronic components
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it have tiny, hard-to-see controls?
- Does it require an adapter plate, which may cause squeaks and rattles?
- Does the radio display match vehicle lighting? Is the LCD display hard to read?
- Will the radio become damaged from voltage extremes and spikes?
- Will the radio adversely affect vehicle's electronic controllers?
- Does the warranty compare?

*Check your market for your competitive situation.

Sales Code (RAS)

AM/FM Stereo with Cassette Player (RAS)

- 40 watts of total power @ 3% THD*
- Separate bass/treble controls
- 10 AM/10 FM station presets

- Available in colors to match vehicle interiors
- Won't interfere with seat belt operation
- Entire speaker system is water-resistant and covered with the same vinyl material as the Sports Bar
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is the crossover network system balanced? Is the sound quality compromised?
- Do their sound bars come only in one color?
- Are speakers permanently mounted? Will they interfere with seat belts?
- Does the warranty compare?

MOPAR FEATURES

- Exclusive Jeep® logo on Wrangler
- Stylish speaker enclosure matches interior trim color and graining
- Upgraded instrument panel midrange speakers for stereo imaging (Wrangler only)
- Custom plug-in wiring matched to harness (Wrangler only)
- Easy listening, even with top down at freeway speeds
- Fold down (Wrangler) or removable (Grand Cherokee) for more cargo room
- Tuned acoustical enclosure for superior sound performance
- Includes two tweeters to ensure bright, crisp sound
- 50-watt amp powers 8" subwoofer for added bass response
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Jeep logo is exclusive to Mopar, Jeep and DaimlerChrysler Corporation
- Does it match the interior?
- Is it easy to hear the music with the top down?
- Does it take up rear cargo area space?
- Does it have tuned acoustical enclosure for superior sound performance?
- Does the warranty compare?

BEDLINERS, BED LIGHTS & POWER OUTLET

Over-The-Rail Bedliner (shown on Ram Pickup)
Inset: Tie-down access

Under-The-Rail Bedliner (shown on Ram Pickup)

Under-The-Rail Bedliner
(shown on Ram Pickup BR/BE)

2 x 4 holder

Includes Tailgate Cover

Under-The-Rail Bedliner
(shown on Dakota)

New Adhesive Strip to
Reduce Noise

Bed Light and Power Outlet
(shown on Ram Pickup BR/BE)

MOPAR FEATURES

- Dodge logo (exclusive)
- Ribbed for easier drainage
- Skid-resistant material (under-the-rail)
- No-drill installation and access to tie-downs
- Wraps over the bulkhead and resists warping
- Foam tape reduces noise and unique floor design prevents floor lift; helps seal out dirt and rocks
- Vertical and horizontal board supports for dividing loads; board supports are fully supported by the truck box
- Convenient cup holders in tailgate cover
- Protect the truck bed from scratches, dents and chips; impact-resistant
- Made of a blend of rubber and high-density polyethylene (under-the-rail)
- Personal-use buyers prefer the under-the-rail design for its skid-resistant feature
- Work-use buyers like the over-the-rail style for rail protection and sliding ease when loading and unloading
- Heavy-duty liners are 30 percent thicker, feature antiskid on both sides and provisions to cut out for a fifth-wheel hitch
- Light and power outlet weather resistant, neatly fits in premolded spot in bedliners
- Included shielded cable
- Excellent for Tonneau Cover
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Dodge logo is exclusive to Mopar, Dodge and DaimlerChrysler
- Is it a flat construction that may trap moisture?
- Mopar's skid-resistant formula is patented
- Does it require drilling?
- Does it have screw-in fasteners at the bulkhead? Will it warp?
- Are tie-downs covered?
- Does it have cup holders?
- Does it trap air at highway speeds?
- Does it collect dirt or rocks and consequently rattle?
- Are board supports available? If yes, are they supported by the truck box?
- Does the floor design trap water?
- Is the bedliner as thick as Mopar's?
- Does it have a weather resistant light and power outlet?
- Does the warranty compare?

CELLULAR PHONE HOLDER

Dakota

Jeep®

Sebring

Jeep Liberty

MOPAR FEATURES

- The electronic arms of this instrument panel-mounted phone holder grasp your phone gently and secure it firmly in an easy to reach position
- Adjustable rubber feet offer added phone support while the one-touch-release feature allows for quick phone removal
- The holder includes a branched cord that plugs into your vehicle's power outlet, allowing simultaneous connection to other accessories
- Installs in minutes without drilling using radio mounting screws and accommodates any cellular phone, PCS phone or accessory
- Engineered to not interfere with SRS (air bag) deployment
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Will it obstruct SRS or other safety systems?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

Installs to the vehicle instrument panel, uses radio mounting screws, requires no drilling for installation.

Fender snaps for Front-End Cover (some applications)

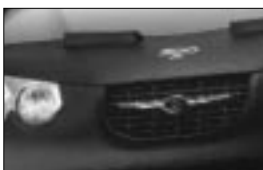

Plastic strip for wheel well attachment

Fender J-hook attachment (some applications)

J-hook on elastic strap

Screen net over grille

INSTALLATION:

- Various fastener styles provide tighter fit and facilitate installation and removal
- Adjustable J-hooks for hood; padded plastic strips and J-clips for fascia/fenders and bumpers. Snaps are used for some fender applications
- Hand tools required for initial installation of snaps

MOPAR FEATURES

- Durable and breathable black vinyl fabric
- Nylon screen protects grille and fascia openings
- Designed to fit tight and match front-end contours
- Custom fasteners facilitate installation and removal
- Unique two-piece design allows the hood to open without removing the cover
- Embroidered silver vehicle logo
- Custom "turned-under and sewn" edges for finished, stylish appearance
- 22-ounce foss backing on specific models helps protect paint surface
- DaimlerChrysler-tested to ensure limited degradation of cooling system performance
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it cloth or vinyl?
- Does it have a screen to protect openings?
- Is the netting fiberglass, which may scratch paint?
- Is it a custom fit?
- Does it have fewer attachment points, causing a poorer fit?
- Do you have to remove the cover to open the hood?
- Logos are exclusive to DaimlerChrysler Corporation and Mopar
- Are the edges turned under?
- Does it have an unfinished appearance?
- Does it have backing?
- Has it been tested to ensure it does not degrade cooling system performance?
- Does the warranty compare?

*Check your market for your competitive situation.

Seat Covers (Ram Quad Cab™)

MOPAR FEATURES

- Custom tailored for a perfect fit
- Will not cover seat controls
- Tailored openings for all latches, pulls and other seat hardware
- Comfortable yet durable poly/cotton fabric protects original upholstery from dirt and tears
- Handy pockets add storage space
- Three- and four-piece designs
- Easily removed for washing
- Seat covers feature vehicle logo
- Match vehicle interior color
- Manufactured to DaimlerChrysler specifications for durability, flame retardants, and other specifications not available in aftermarket seat covers
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Are they only available in one standard color that does not match your interior?
- Have they been tested for durability and long life?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Easy installation
- No tools required and takes only minutes

ENGINE BLOCK HEATER & BATTERY BLANKET

Engine Block Heater

Battery Blanket

MOPAR FEATURES

Engine Block Heater

- Special plug-in wiring designed for each application
- Designed and engineered for each vehicle, same as production vehicle heaters
- Keeps engine warm for easier starting, quicker warm-up
- Warm air from heater at start-up
- 400 watts 4-cyl, 600 watts V6

Battery Blanket

- Durable, fire-retardant vinyl construction resists oils and acids
- Fiberglass insulation retains heat on battery case
- Electrically warms battery
- Extends battery life
- Prevents loss of starting power due to cold temperature
- 80-watt heater
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

Engine Block Heater

- Is the plug-in harness a universal length?
- Has the heater been designed, engineered and fitted for your specific engine, or is it a universal fit?
- Does the warranty compare?

Battery Blanket

- Is it made from less durable material?
- Will it resist oils and acids?
- Is it insulated?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Same as production heater (Engine Block Heater)
- Dealer installation recommended (Engine Block Heater)
- Easily installed (Battery Blanket)
- Plugs into any standard 110/120-volt outlet

GAS CAPS, LOCKING

Locking Gas Cap

Locking Gas Cap

MOPAR FEATURES

- Screw-on design for tight fit
- “Free wheeling” when locked, deters breaking open
- Constructed of plastic with stainless steel key and lock
- Rust-resistant black satin finish
- Meets federal fuel system leakage standards
- New quarter-turn release for easy operation
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it a snap-on design?
- Is it a fixed-in-place design that can snap off easily?
- Is it chrome-plated, which may rust?
- Does it meet federal fuel system leakage standards?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- No special tools required
- Two keys included

GROUND EFFECTS PACKAGE

Air Dams, Wheel Lip Moldings and Side Skirt Kit

MOPAR FEATURES

- Mopar ground effects have been designed to meet Federal Motor Vehicle Safety Standards for side impact
- All Mopar products have been designed to meet the Federal Motor Vehicle Safety Standards for side impact
- All Mopar mounting hardware is designed to provide superior corrosion protection
- Only the highest quality finishes are used: powder-coat finishes and durable clear coatings
- Designed for simple installation with minimal drilling, these products are manufactured using the advanced RIM (Reaction Injection Molding) process for a precise fit to your vehicle.
- The polyurethane material includes glass filler, which preserves structural integrity without compromising the material's excellent lightweight, weather-resistant properties
- Stringently tested in seven categories for durability, including paint hardness and salt-spray, humidity and gravel resistance, these accessories will stand up to the toughest conditions year after year
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Do they meet the FMVSS side-impact tests?
- Do the brackets have enamel finishes that may chip? Would they survive DaimlerChrysler's 250-hour salt spray test?
- Do they use less expensive finishes that are more prone to rust, pitting and scratches?
- Does the warranty compare?

*Check your market for your competitive situation.

GUARDS, BRUSH — MOLDED

Molded Brush Guard
(shown on Ram Sport Pickup)

Molded Brush Guard (shown on Jeep Liberty)

Molded Brush Guard
(shown on Grand Cherokee)

FEATURES:

- Unique one-piece design
- Designed using advanced computer software that allows engineers to match the unique front end of the new Ram Sport Pickup exactly
- Nitrogen-injected ABS construction results in a Grille Guard that is lighter and more impact-resistant than conventional guards
- Designed to meet FMVSS for occupant protection and lighting
- Available in select body colors
- Cleans easily with soap and water

INSTALLATION:

Easy to install

NOTE: This product is designed solely to enhance the appearance of the vehicle. Since the safety characteristics are limited, it is not intended to prevent injury or damage in the event of an accident. Check state and local regulations on installation and use.

GUARDS, BRUSH — TUBULAR

Tubular Brush Guard (shown on Ram)

Tubular Brush Guard (shown on Dakota)

Tubular Brush Guard (shown on Grand Cherokee)

Tubular Brush Guard (shown on Wrangler)

Tubular Brush Guard (shown on Jeep Liberty)

MOPAR FEATURES

- Mounting with stainless steel hardware is designed specifically for each vehicle, minimizing installation time and maximizing strength and durability
- All Mopar mounting hardware is designed to provide superior corrosion protection
- Mandrel tube-bending technology is used during the fabrication of tubular products to ensure wrinkle-free contours
- All Mopar guards are designed to meet Federal Motor Vehicle Safety Standards for occupant protection
- Design will not adversely affect airflow to the engine compartment or impede hood operation
- Only the highest quality finishes are used: Hexavalent chrome, aluminum anodizing, E-coat primers, powder-coat finishes and durable clear coatings
- Anodized aluminum resists corrosion, pitting, peeling, and is scratch resistant
- TPO plastic end caps resist shrinking, expanding and cracking
- E-coat primer and powder-coat paint provide durable finish
- Available in chrome, silver aluminum or black painted steel crossbars
- Chrome is designed to meet tough 44-hour CASS test
- The chrome finish consists of .001-ductile nickel base coating for strength, covered by .0005-semi-bright nickel seal coat and topped with hexavalent chrome plating that provides a bright, rust-resistant product
- Interior welds provide clean appearance
- Designed to meet Federal Motor Vehicle Safety Standards for occupant protection
- Aligns to vehicle frame
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is the bracket system an “erector set” (i.e., many holes for many applications)? Is the hardware corrosion-resistant?
- Do the brackets have enamel finishes that may chip? Would they survive DaimlerChrysler's 250-hour salt-spray test?
- Do ripples appear in the tubes where they have been curved?
- Does the guard meet Federal Motor Vehicle Safety Standards? Will its installation affect the standards?
- Will the design restrict airflow to the engine or impede hood operation?
- Do they use less expensive finishes that are more prone to rust, pitting and scratches?
- Does it have an E-coat/powder-coat finish, or an enamel finish, which may chip, scratch and rust easily?
- Does chrome meet Mopar's standards for finish and durability?
- Are plain steel fasteners used, which may rust?
- Is all hardware stainless steel?
- Are tubes bent without mandrel, resulting in a flat or unsightly appearance?
- Has product been designed to meet government regulations?
- Does the warranty compare?

*Check your market for your competitive situation.

GUARDS, BRUSH — TUBULAR (CONT.)

INSTALLATION:

- Tubular Brush Guard is preassembled for quicker installation
- Kit includes mounting brackets with stainless steel hardware

GUARDS, BRUSH — TUBULAR DELUXE

Deluxe Tubular Brush Guard (shown on Dakota)

Guard meets FMVSS for lighting

Chrome gasket protects surface at weld joint

License plate mounting

FEATURES:

- 2.0" diameter grille area tubes and 1½" brush guards
- Mandrel-formed for smooth finish
- Tubular design with integrated TPO fascia was designed to match the contours of Dodge Dakota
- Approved by the Dodge Design Team
- Designed to meet Federal Motor Vehicle Safety Standards for occupant protection and vehicle lighting
- Design does not adversely affect airflow to the engine compartment or impede operation of the hood
- Painted guards receive an E-coat primer and powder-coat paint

- OE-quality chrome finish consists of a 1.5-mil base coating for strength (1.15-mil semi-bright; .35-mil bright) and a .01-mil Hexavalent chrome surface plating that provides a bright, rust-resistant finish
- Protective gaskets over welded joints on chrome guards help protect against rust
- Anodized aluminum resists corrosion, pitting, peeling and is scratch resistant
- Not for use with Tow Hooks

SPECIFICATIONS:

- 2.0" main tubes with 1½" brush guard sections
- Mandrel bending construction produces wrinkle-free bends

INSTALLATION:

- Brush Guard is preassembled for quicker installation
- Kit includes mounting brackets with stainless steel hardware
- Frame bracket mounts securely to existing holes in vehicle's frame
- Stiffener guard bracket mounts directly to bumper
- Existing license plate frame on vehicle must be relocated to lower fascia

NOTE: This product is designed solely to enhance the appearance of the vehicle. Since the safety characteristics are limited, it is not intended to prevent injury or damage in the event of an accident. Check state and local regulations on installation and use.

(Grille Guard)

MOPAR FEATURES

- Polyurethane resists corrosion, pitting, peeling and is scratch resistant
- Mopar uses stainless steel fasteners and hardware
- Polyurethane foam is molded in 80 percent color
- Genuine Jeep design approved by Jeep Design Team
- The design ensures that the product will not adversely affect airflow to the engine compartment
- Designed specifically to match the contours of the front bumper
- Designed to meet Federal Motor Vehicle Safety Standards requirements for lighting and occupant protection
- Available in chrome, Silver or Black aluminum, or Black painted steel
- Anodized aluminum resists corrosion, pitting, peeling and is scratch-resistant
- Chrome designed to meet tough 44-hour Copper Accelerated Salt Spray (CASS) test
- E-coat primer and powder-coat paint provide a durable finish
- Crossbars follow the contours of the grille
- TPO plastic end caps resist shrinking, expanding and cracking
- Does not restrict airflow to engine compartment or impede operation of hood
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it steel?
- Will it pit or corrode?
- Are plain steel fasteners used, which may rust?
- Is all hardware stainless steel?
- Is it black or yellow underneath?
- Will the sub-color show through?
- Is it a universal fit?
- Is it a hang-on design?
- Does it meet government safety regulations?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Installs easily
- Grille Guard is preassembled for quicker installation
- Kit includes mounting brackets with stainless steel and cadmium hardware

7-WAY CONNECTIONS (7 total wires in each plug and socket) ROUND		
PLUG ADAPTER (7-way round to 4-way flat)		

Towing Packages

A key to successful towing is to make sure all necessary elements are there. At Mopar we don't just sell "hitches." We provide towing packages. When putting together a hitch package, it should contain the following elements:

- Hitch Receiver
- Hitch Ball (some applications)
- Ball Mount (some applications)
- Wiring Harness

Some towing situations may require additional equipment above the basic package. Some of this equipment may include:

- Heavy-Duty Electrical System
- Higher Output Engine/Transmission Components
- Engine/Transmission Oil Cooler
- Weight-Distributing (equalizing) Hitch Package
- Antisway Controls
- Electronic Trailer Braking Controls

Vehicles from the factory may come with some of this equipment already installed as part of a Trailer Tow Prep Group or may be included with your trailer equipment. Be sure to check the Owner's Manual for more information.

Weight Classes

Hitch packages, in general, are divided into four classes. Class I and Class II are usually designed to be weight-carrying with use of a ball mount. Class III and Class IV can carry heavier loads with the use of a weight-distributing hitch assembly that distributes the weight to all trailer and vehicle axles. A ball mount can also be used with Class III and Class IV Hitch Receivers for lesser loads.

Weight Carrying

Mopar weight-carrying hitch packages include Classes I, II and III. Class I has a rated capacity of up to 2,000-lb GTW. Class II is rated up to 3,500 lb. And Class III is rated up to 5,000 lb. (Not all vehicles can tow this much weight, so check the Owner's Manual for the vehicle's specific tow rating.)

Weight Distribution

Weight-distributing hitch packages are used with Class III and IV hitch packages for loads up to 6,500 lb. A weight-distributing system allows vehicles to tow heavier loads without sagging in the rear because of added trailer equipment which distributes the weight to all vehicle and trailer axles. This equipment includes a hitch head that is inserted into the hitch receiver, a hitch ball mounted to the hitch head, spring bars that connect to the hitch head to distribute the tongue weight to the trailer and vehicle axles, sway-control equipment to minimize horizontal sway, and brackets that connect the spring bars to the trailer frame.

Most trailer manufacturers have unique weight-distributing requirements for their specific trailers. Mopar hitch packages are designed to be used with most weight-distributing equipment.

NOTE: Check Owner's Manual for hitch type, load capacity and heavy-duty equipment required. Do not exceed rated tow capacity of vehicle as equipped. May require other items not supplied by Mopar.

HITCH RECEIVERS, QUICK REFERENCE (CONT.)

Mopar Hitch Receiver

Mopar Hitch Receivers have a reputation for quality unmatched in the towing industry. Here are some of the advantages built into every Mopar Hitch Receiver:

- Designed and tested in cooperation with DaimlerChrysler Corporation engineers
- Designed as a one-piece welded assembly for added strength, not a bolt-together design
- Designed to match vehicle towing capacity based on vehicle engine, driveline and suspension
- Covered with two-layered, E-coated paint finish to resist rust
- Available high-quality custom wiring harnesses to protect the vehicle's sensitive electronic equipment

Installing Packages

The proper installation of hitch packages and other towing equipment is extremely important. Mopar hitch packages are designed and tested to ensure a proper match with DaimlerChrysler Corporation vehicles, and install easily using existing vehicle frame holes.

However, failure to completely follow the installation instructions and procedures can cause hitch failure which could result in personal injury and/or vehicle damage.

HITCH BALL

Hitch Balls

TIP: COUPLER AND HITCH BALL

The coupler is the part of the trailer that attaches to the hitch ball. The socket on the coupler should be smooth, clean and slightly lubricated. Couplers are weight rated to the trailer load (GTW) and come in various sizes.

Hitch balls are sized in three dimensions: ball diameter, shank diameter and shank length. These dimensions are used to determine the hitch ball's weight rating. When selecting a hitch ball, match the ball's weight rating and ball diameter to the trailer coupler's weight rating and size.

All Mopar hitch balls are designed with wrench flats which provide easy installation and a tighter fit.

MOPAR FEATURES	COMPETITORS?*

INTERIOR TRIM APPLIQUES

Intrepid

Grand Cherokee Laredo

Cherokee

Ram Pickup (BR/BE)

Durango

Jeep Liberty

Ram Quad Cab™ (DR)

Door Applique
(Ram Quad Cab DR)

Dakota

MOPAR FEATURES

- Custom designed to fit the instrument panel, gauges, vents and pockets
- Installed with DaimlerChrysler Corporation-approved adhesives for a secure fit
- Adhesive promoter and cleaning chemical kit included for convenient installation
- Enhances interior appearance
- Approved by the DaimlerChrysler Vehicle Design Team
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it fit the instrument panel exactly or does it have to be trimmed?
- Do adhesives meet DaimlerChrysler Corporation standards?
- Will they hold up?
- Do you have to source separate installation chemicals, not readily available in your shop?
- Does it meet DaimlerChrysler Corporation design standards?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Attaches with DaimlerChrysler Corporation approved adhesive tape
- Adhesive promoter and cleaner kit included, no other products needed for installation
- Easy to install
- No special tools needed

Dakota Sport Light Bar Combo

Light Bar (shown on Wrangler)

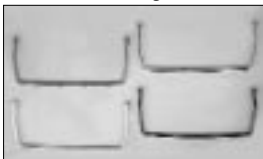

Light Bar Conversion Kit

Includes center-mount stoplight

Light Bar with Off-Road Lamps, prewired (shown on Wrangler)

Four finishes available: Black painted steel, Black or Silver aluminum or chrome

Mounting plate is welded to leg

Accommodates up to four Mopar lights[†]

Prewired for two or four-light installation

Shown with new style Mopar Off-Road Light and Brush Cover

Tie-Down

Twin tube design

Light mounting tab

Dakota Sport Light Bar Combo

MOPAR FEATURES

- The aluminum version uses an anodizing process that helps to eliminate corrosion, pitting, peeling and is scratch resistant
- Corrosion resistant
- Heavy-duty construction
- The steel version is protected with electrocoat primer and a baked, powdered top coat process, providing a durable finish
- Stainless steel fasteners
- Interior welds provide clean appearance
- Designed specifically to match contours of wheel well and bed
- Stiffener bracket plates mounted under bed sheet metal provide strength and durability, resist movement
- Incorporates center high-mounted stop light (CHMSL) and cargo lights in the design; Light Bar Conversion Kit available to convert Light Bar to four-light capacity[†] (lights not included)
- Tie-downs are an integral part of the legs
- Mandrel bent tubing for a full, smooth appearance
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

NOTE: These products are designed to enhance the appearance of the vehicle. Since their safety characteristics are limited, they are not intended to prevent injury or damage in the event of an accident.

[†] Check state and local restrictions on the installation and use of Mopar Sport/Light Bars.

COMPETITORS?*

- Is it anodized aluminum?
- Will it pit or corrode?
- Does it have an E-coat/powder-coat finish, or an enamel finish, which may chip, scratch and rust easily?
- Does the chrome finish meet Mopar's standards for durability?
- Is it a "duller" cadmium chrome finish?
- Are plain steel fasteners used, which may rust?
- Is all hardware stainless steel?
- Is it a universal fit?
- Is it a hang-on design?
- Are tubes bent without mandrel, resulting in a flat, wrinkled appearance?
- Mopar Accessories are the only genuine DaimlerChrysler-designed products available for Wrangler and Dodge trucks
- Does light bar require wire installation; a nasty, time-consuming job?
- Will light bar interfere with "swing" of soft top when opened or closed?
- Does the warranty compare?

*Check your market for your competitive situation.

LIGHT BAR (CONT.)

INSTALLATION FOR TRUCK:

Conversion Kit consists of:

- One-piece crown (front) section with left and right mounting legs

Wiring Kit consists of:

- Switch, underhood and instrument panel wiring, required for complete Off-Road Light installation

NOTE: Heavy-duty charging system required when using four lights. Do not use lights that exceed 55 watts each.

NOTE: This product is designed solely to enhance the appearance of the vehicle. Since the safety characteristics are limited, it is not intended to prevent injury or damage in the event of an accident. Check state and local regulations on installation and use of Off-Road Lights.

NOTE: Off-Road Lights should be added at the time of Light Bar installation. To install lights after installation requires the removal of the Light Bar. Off-Road Lights and Light Bar sold separately.

NOTE: When using the Light Bar Conversion Kit that expands from two to four lights, order two light kits and two installation kits.

INSTALLATION FOR JEEP:

- Windshield hinge-mounted, holds four lights
- Prewired, does not require threading wire through tube
- Connects to Mopar Light Installation Kit
- Light Bar includes mounting tabs for two or four lights (lights and in-vehicle wiring sold separately)
- Heavy-duty charging system required when using four lights

NOTE: These products are designed solely to enhance the appearance of the vehicle. Since the safety characteristics are limited, they are not intended to prevent injury or damage in the event of an accident. Check state and local regulations for restrictions on the installation and use of Mopar Sport/Light Bars.

LIGHTS, FOG — COMPLETE KIT

Dakota, Durango

Ram Pickup BR/BE

Grand Cherokee

PT Cruiser

Jeep Liberty

MOPAR FEATURES

- Original equipment Fog Lights for factory-installed look
- “Plug-in” connectors; minimal “cut-and-splice” wiring that could corrode or break over the lifetime of the light
- Mopar Fog Lights use OE Wire Connectors on lights and Wire Harness
- Wires are enclosed in a convolute sleeve for protection
- Wired to operate only with low beam or parking lights
- Fog Light beam undercuts inclement weather, minimizes glare
- Mopar Fog Lights meet appropriate SAE standards
- Tested to ensure no interference with the cooling system operation
- OE-style switch with telltale indicator for convenient use
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it a universal fit, which may require splicing using crimp connectors?
- Are crimp connectors required for installation, which may cause nicked wires or wire corrosion? Will wires vibrate loose?
- Are wires enclosed in convolute sleeves?
- Do they operate on high beam, which is illegal in many states?
- Do they meet SAE standards?
- Will lights block airflow to cooling system?
- Does it use a generic switch without a telltale?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION*:

- Custom wiring harness mimics OE wiring for color and function
- Complete kit includes lights, wiring, relay, switch and instructions
- Use with low beam or parking lamps only
- Cannot be used with OE Fog Lights

*Check state and local regulations on installation and use of Fog Lights.

LIGHTS, OFF-ROAD

Off-Road Lights (shown on Wrangler)

Off-Road Light PN 82204005

Off-Road Light PN 82201777

Style matches OE housing
Fog Lights

Mopar Light Bar available

MOPAR FEATURES

- Mopar offers a variety of sizes and styles
- Designed to fit Light Bar
- Most states require that lights remain covered when not in off-road use (covers included)
- Operate with high beam headlamps only
- Mopar Lights use OE wire connectors on lights and wire harnesses
- Wires are enclosed in a convolute sleeve for protection
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Are crimp connectors required for installation, which may cause nicked wires or wire corrosion?
- Will wires vibrate loose?
- Are wires enclosed in convolute sleeves?
- Is it illuminated, easy to use, integrated in instrument panel?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Mopar offers a variety of sizes and styles: 6" round or 5"x7" rectangular
- Packaged in pairs, lens covers included
- Installation Package sold separately for use with 2 or 4 lights
- The Installation Kit, PN 82202526, is used in conjunction with the wiring in the Mopar Light Bar
- Not approved for regular highway use; most states require that lights remain covered when not in off-road use; operate with high beam headlights only

NOTE: When installing four Off-Road Lights, order two sets of lights and two sets of Installation Kits. Heavy-duty charging system required when using four lights. Check local regulations for restrictions on installation and use of Mopar Off-Road Lights.

NOTE: These products are designed to enhance the appearance of the vehicle. Since the safety characteristics are limited, they are not intended to prevent injury or damage in the event of an accident. Check state and local restrictions on the installation and use of Mopar Sport/Light Bars. Wrangler windshield cannot lower with Light Bar installed.

LIGHTS, TAILLAMP GUARD

Taillamp Guard (shown on Wrangler)

Taillamp Guard (shown on Jeep Liberty)

Taillamp Guard
(shown on Ram Pickup 1500)

Available in Black or Silver

Mounts directly to body
behind taillamp

MOPAR FEATURES

- E-coat primer and powder-coat paint provide a durable finish
- Designed specifically to match the contours of taillamps
- Designed to meet Federal Motor Vehicle Safety Standards lighting requirements
- Authentic Jeep® design approved by Jeep Design Team
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it have an E-coat/powder-coat finish, or an enamel finish, which may chip and scratch easily?
- Is it a universal fit?
- Is it a hang-on design?
- Does it restrict the taillamp lighting visibility?
- Mopar Accessories are the only genuine Jeep designed products available for Wrangler
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

Remove stoplamp, secure guard and replace stoplamp

NOTE: This product is designed solely to enhance the appearance of the vehicle. Since the safety characteristics are limited, it is not intended to prevent injury or damage in the event of an accident. Check state and local regulations on installation and use.

RACKS & CARRIERS, LUGGAGE RACKS — ROOF MOUNT

OE Permanent-Mount Style Roof Rack
(shown on Cherokee)

Roof-Mount Luggage Rack
(shown on Dakota Quad Cab™)

Roof-Mount Luggage Rack
(shown on Durango)

Removable Roof Rack (shown on Sebring)

Permanent Roof Rack (shown on Neon)

Upright and Fork Mount Bike Carriers
(shown on Concorde)

Ski and Snowboard Carriers

Original Equipment Roof Rack

Crossbar End Cap for Original Equipment
Roof Rack

MOPAR FEATURES

- Custom designed to fit and complement the design and style of the roof and vehicle
- Engineered and tested to OE standards
- DaimlerChrysler-engineered and proving grounds-tested for noise and durability
- DaimlerChrysler-approved materials, paints and attachment hardware for durability
- Hidden fasteners don't detract from stylish appearance
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it a universal fit?
- Has it been engineered and tested for performance on Cherokee?
- Does it meet OE standards?
- Does it use sheet metal screws, which may be stripped or cause rust?
- Does the warranty compare?

*Check your market for your competitive situation.

RACKS & CARRIERS, LUGGAGE RACKS — HITCH-MOUNT AND DECK LID

Prowler

PT Cruiser (Trunk and straps not included)

MOPAR FEATURES

- Contoured and designed exclusively for each vehicle
- Provides a custom, stylish look
- Black and Gray finish (Prowler only) meets OE paint standards
- Roll formed metal parts are E-coated and powder-coated for durability
- Chrome plated in accordance with strict DaimlerChrysler standards, the Luggage Rack must pass a CASS test to help ensure freedom from cracked plate, loss of Chromium and corrosion status
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Are they a universal fit application?
- Are the paint finishes tested to OE quality standards?
- Is competition's deck lid rack attached with sheet metal screws that may strip or cause rust?
- Does the rack block CHMSL? Does it meet federal safety standards?
- Do you have to measure various distances from openings and seams?
- Does the warranty compare?

*Check your market for your competitive situation.

RACKS & CARRIERS, BICYCLE — SPARE TIRE-MOUNTED

Wrangler

Mounting Plate (shown on Wrangler)

Liberty

MOPAR FEATURES

- Steel construction, E-coat/powder-coat finish
- Tubular design
- Holds two bikes (with horizontal top tubes)
- Adapter available for bikes without horizontal top tubes
- Spare tire carrier supports tire, wheel, bike carrier and bikes up to a maximum of 75 lb
- Foam inserts added to lockable clamps help protect bike finish and provide added security
- Tested for durability
- Triple locking; cable, tabs and your lock secure bike to Bike Carrier
- Spare tire lock nut secures Bike Carrier to vehicle
- Carrier mounts to the spare tire
- Does not harm the spare tire
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it have an E-coat/powder-coat finish? Will it rust?
- Does carrier lock bikes for security?
- Will clamps scratch bike crosstubes?
- Are theirs proving grounds-tested for durability?
- Does the carrier lock to the vehicle?
- Does carrier clamp to spare tire, possibly chafing tire over time?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Installs or removes in minutes
- Owners simply slide rack onto the mounting plate and install one bolt
- Bolt has a tab with an opening that allows the rack to be locked to the mounting plate; bikes can be locked to the rack using included cable
- For loading bike, T-handle at the top of the rack is merely loosened, not removed, to move clamping plate

RACKS & CARRIERS, BICYCLE — ROOF-MOUNT

Bike Carrier

Bike Carrier (shown on Grand Cherokee)

Bike Carrier (shown on Liberty)

Upright Style

Sport Utility Bar Attachment

Fork Attachment

Rear-Wheel Attachment

MOPAR FEATURES

- Fork-Mount style
- Upright style secures bikes without removing wheels
- Carrier and components are specially painted and UV-coated for long-lasting protection
- Carrier clamps are foam inserted to protect bike surface
- Proving-grounds tested for stability and durability
- Carriers are designed to provide a tight, vibration-free fit
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Are their attachments specially painted and UV-coated?
- Are clamps foam inserted? Or will clamps cause the bike surface to be scratched?
- Have they been tested? Will they shake or vibrate? Are they resistant to crosswinds?
- Do carriers fit tightly? Will they experience road vibration?
- Does the warranty compare?

*Check your market for your competitive situation.

RACKS & CARRIERS, BICYCLE — HITCH-MOUNT

Hitch Receiver with Fold-Down Bike Carrier (shown on Durango)

Carrier in fold-down position (shown on Stratus)

Bike Carrier Kit

Carrier in fold-down position

Carrier in fold-down position

MOPAR FEATURES

- Carries up to four bikes (with horizontal crossbars)
- Carrier mounts quickly on a hitch receiver
- Adapter adds horizontal crossbar to bikes without them (a Mopar exclusive)
- Fold-down feature allows liftgate/trunklid to be opened without removing bikes
- Proving-grounds tested for durability
- Foot-operated tilt lever
- Foam inserts added to lockable clamps help protect bike finish and provide added security
- E-coated paint finish helps prevent rust
- Theft-resistant lock pin
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does their carrier tilt down with little effort, or do you have to remove it for tailgate access?
- Are carriers tested? How?
- Does lever require you to crouch down or lift up and operate a dirty mechanism by hand?
- Does carrier lock bikes for security? Will clamps scratch bike finish?
- Is it E-coated? Will it rust?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Easy to install
- Requires hand tools
- Requires Hitch Receiver
- Security Allen wrench included

RACKS & CARRIERS, SKI & SNOWBOARD, ROOF-MOUNT

OE Roof Rack with Horizontal Ski Carriers

Modular High-Mount Ski Carrier open, showing locking mechanisms

Horizontal Ski and Snowboard Carrier (shown on PT Cruiser)

2 styles of Horizontal Carriers
(2 or 4 pairs)

Jeep® Liberty

MOPAR FEATURES

- Holds up to six pairs of skis or four snowboards ... or a combination of both (depending on carrier)
- Opens on both sides for easy loading and unloading
- Integrated locks with corrosion-resistant covers help secure those winter toys
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it have exposed attachments which require ordinary hand tools to install?
- Can it be easily stolen?
- Is it a universal fit?
- Does it fit OE Roof Rack?
- Does it have installed locks or an option for locks?
- Is it made of steel, which may rust?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Easily assembled
- Assembly tool included

RACKS & CARRIERS, SKI & SNOWBOARD, SPARE TIRE-MOUNT

Spare Tire Ski Carrier (shown on Wrangler)

Spare Tire Ski Carrier (shown on Liberty)

Mounting plate

MOPAR FEATURES

- Steel construction, E-coat/powder-coat finish
- Tubular design
- Plastic is reinforced, high-strength material
- Holds up to four pairs of skis
- Tested for durability
- Cable included for securing and locking (with your padlock)
- Triple locking — cable, tabs, and your lock secure skis to Ski Carrier
- Spare tire lock nut secures Ski Carrier to vehicle
- Carrier mounts to the tire carrier, does not harm the spare tire
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it have an E-coat/powder-coat finish?
- Has it been tested for durability?
- Can the skis be secured?
- Does the carrier lock to the vehicle?
- Does the carrier clamp to spare tire, possibly chafing tire over time?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Designed to be installed on Jeep® Wrangler full-size Spare Tire Carrier (30 x 9.5 R15LT maximum)
- Simply slide rack onto the mounting plate and install one bolt
- Rack can be locked to the mounting plate with spare tire lock nut; the skis can be locked to the rack using the cable included (lock not included)

RACKS & CARRIERS, COMMERCIAL EQUIPMENT — RAM RACK

Ram Rack

Ram Rack with Tool Box Kit Divider Kit

Ram Rack

MOPAR FEATURES

- The ultimate sliding rack system for trucks
- The racks slide and are removable. Racks and accessories can be repositioned or removed in seconds
- Racks and cargo holder can be adjusted to secure any cargo. Tie downs adjust with a twist
- Easily installed. No drilling or damage — Ram Trac Rac compression mounts onto the side rails for a safe and secure fit
- Built of tough anodized aluminum, it is 100 percent rust and corrosion free
- A variety of accessories allows the system to be used for both work and play
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does the rack slide or is it bolted in place?
- Does the installation require drilling, bolting, or other way of damaging the truck?
- Is the rack a flexible system or just a rack locked into one position?
- Will it rust or corrode?
- Does it allow for customization?
- Does the warranty compare?

REAR SEAT VIDEO™ & DVD REAR SEAT VIDEO™

Rear Seat Video™

Rear Seat Video™ Video Cassette Player

DVD Rear Seat Video System (Durango)

MOPAR FEATURES

- This fun and versatile entertainment system plays VHS tapes and features an overhead 6.4-inch active-matrix liquid crystal display (LCD) screen that provides superior picture quality
- The DVD player mounts conveniently in the headliner
- The Video Cassette Player (VCP) is housed inside a specially designed floor console
- The DVD entertainment system plays DVD movies and features a 7-inch active-matrix LCD screen, auxiliary input and a DVD player
- Overhead monitor mounting is more soothing to watch than low-mount systems
- The console is color keyed to your minivan's interior and can be mounted between the front seats or between the second row quad seats (LWB minivans only)
- Audio can be accessed through the vehicle's sound system and/or through wireless headphones, which can be used in any rear seat
- An auxiliary input is provided for a video camera, CD player, and popular home video game players
- An infrared remote control and two sets of wireless headphones are included with the Rear Seat Video™
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it have a smaller, harder-to-see screen?
- Do components meet automotive specifications for extreme temperatures and vibrations?
- Is the screen mounted overhead or in a floor console?
- Is it color-keyed to match your interior?
- Are the headphones wireless for easy use?
- Is there an auxiliary input?
- Does the warranty compare?

*Check your market for your competitive situation.

RUNNING BOARDS, ALUMINUM

Two-piece full-length design, regular cab (shown on Dakota)

Cherokee front and rear end caps

Cherokee all mounting hardware; ready to install

Dodge Ram Van/Wagon — Full-length design

MOPAR FEATURES

- Provide easier vehicle entry and exit
- Kits include all hardware and dedicated mounting brackets specifically designed for each model
- The aluminum is anodized to help eliminate corrosion, pitting, peeling, scratches and minimize road debris
- Hidden nut fasteners are serrated, plated and flanged to resist vibration and rust
- E-coated steel support brackets and cadmium-plated fasteners meet DaimlerChrysler's 250-hour salt-spray test; resists corrosion
- Include front and rear matching end guards
- Designed with unique black vinyl rub strip
- Support brackets are designed to minimize installation time
- Brackets are designed to meet federal fuel system integrity standards for side impact
- Skid-resistant strips provide added traction
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Are all materials for installation included?
- Is it anodized aluminum?
- Will it pit, corrode or scratch easily?
- Are the fasteners plain steel, which may rust?
- Does vibration loosen fasteners?
- Are the brackets enamel-painted?
- Are end caps included in the price or are they an additional purchase?
- Is the bracket system an "erector set," i.e., a lot of holes for multiple applications?
- Are federal fuel system integrity standards met?
- Is a skid-resistant surface provided?
- Does the warranty compare?

RUNNING BOARDS, DIAMOND PLATE

Full-length Running Board design
(shown on Ram Pickup)

Two-piece system (shown on Ram Pickup)

Dual-rear wheel application
(shown on Ram Pickup)

MOPAR FEATURES

- Anodized aluminum resists corrosion, pitting, peeling, and is scratch resistant
- Serrated flanged nut fasteners resist vibration
- E-coated steel support brackets and cadmium plate fasteners meet DaimlerChrysler's 250-hour salt-spray test
- Matching front and rear aluminum end guards included
- Support brackets are designed to minimize installation time
- Brackets designed to meet FMVSS for side-impact
- 100"-gauge diamond plate aluminum helps to prevent flexing and bending
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it anodized aluminum? Will it pit or corrode?
- Are fasteners made of plain steel, which may rust? Can they vibrate loose?
- Do the brackets have an enamel finish, which may chip? Will the brackets and the fasteners pass the 250-hour salt-spray test?
- Are end guards included in the price?
- Is the bracket system an "erector set" (i.e., a lot of holes for a lot of applications)?
- Do they meet FMVSS for side impact?
- Is the aluminum thinner? Will it easily flex or bend?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

Includes all mounting
hardware

Easy-to-install bracket system

RUNNING BOARDS, MOLDED (CONT.)

MOPAR FEATURES	COMPETITORS?*
<ul style="list-style-type: none"> • Integrated molded end guards at front; rear bed sections sold with or without end guards • Authentic Mopar design • Santoprene® cladding and aluminum substructure resist rust • Custom end guards (made of TPO) resist cracking; end guards and end caps constructed of blow-molded Salflex® 255 plastic; cladding matches color (black) and texture of body moldings • Serrated flanged nut fasteners resist vibration • E-coated steel support brackets and cadmium plate fasteners meet DaimlerChrysler's 250-hour salt-spray (CASS) test • Brackets designed to meet DaimlerChrysler's fuel system standards for side-impact protection • Support brackets are designed to minimize installation time • Skid-resistant surface provides added traction • Four brackets per side, two per section • Body movement due to severe terrain will not affect split design boards • Molded Running Boards meet or exceed DaimlerChrysler's standards for chipping, cracking and fade resistance • Color styles match 10 body colors or four accent colors • Premium Santoprene® cladding with custom-designed end caps are made of strong TPO plastic to withstand elements and minor impacts, complement vehicle cladding • Wheel-to-wheel Running Board coverage for minivan • Three-phase paint process resists chipping and scratching from road surface debris • Serrated, flanged nut fasteners resist vibration • Wheel-to-wheel running boards for Trucks offered in split design only, include front cab sections and rear bed sections • Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer 	<ul style="list-style-type: none"> • Is it made of steel, which may rust? • Are fasteners made of plain steel, which may rust? Can they vibrate loose? • Do the brackets have an enamel finish, which may chip? Will the brackets and the fasteners pass the 250-hour salt-spray test? • Were brackets designed to meet DaimlerChrysler Corporation's fuel system requirements? • Is the bracket system an "erector set" (i.e., a lot of holes for a lot of applications)? • Does it have a skid-resistant surface? • Are fewer brackets used? • Only genuine Mopar Accessories are designed by Mopar Design Team • Do the body colored running boards have to be painted before installation? Do they match the body colors? • Are the end guards made of fiberglass, which may chip or crack easily? • Does the painted surface have three coats for protection? • Does the warranty compare?

RUNNING BOARDS, MOLDED — ACCENT KITS

Dakota

All-new Ram 1500 (DR)

MOPAR FEATURES

- Authentic Mopar design
- Santoprene® cladding and aluminum substructure resist rust
- Serrated flanged nut fasteners resist vibration
- E-coated steel support brackets and cadmium plate fasteners meet DaimlerChrysler's 250-hour salt-spray (CASS) test
- Brackets designed to meet DaimlerChrysler's fuel system standards for side-impact protection
- Support brackets are designed to minimize installation time
- Body movement due to severe terrain will not affect split design boards
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

Santoprene is a registered trademark.

COMPETITORS?*

- Is it made of steel, which may rust?
- Are fasteners made of plain steel, which may rust? Can they vibrate loose?
- Do the brackets have an enamel finish, which may chip? Will the brackets and the fasteners pass the 250-hour salt-spray test?
- Were brackets designed to meet DaimlerChrysler Corporation's fuel system requirements?
- Is the bracket system an "erector set" (i.e., a lot of holes for a lot of applications)?
- Does it have a skid-resistant surface?
- Are fewer brackets used?
- Does the warranty compare?

*Check your market for your competitive situation.

SECURITY SYSTEMS, EVS® QUICK REFERENCE

GUIDE TO SELECTING YOUR EVS ELECTRONIC VEHICLE SECURITY AND KEYLESS ENTRY SYSTEM

Use the chart below to choose from six distinct systems designed to meet your individual needs. Then check out the specific features and benefits of the system that best suits your lifestyle.

System	Vehicle Equipment	System Benefit
EVS Security System	Vehicles without power locks	Adds security system feature to your vehicle
EVS II® Security System	Vehicles equipped with factory-installed power locks	Adds security system and remote keyless entry
EVS II Security Plus System	Vehicles equipped with factory-installed power locks and keyless entry	Adds security system feature to your vehicle
EVS II Security System with Sentry Key and Interior Theft Sensor	Vehicles equipped with factory-installed power locks and keyless entry	Adds security system feature, coded ignition key and Interior Theft Sensor
Keyless Entry System	Vehicles equipped with factory-installed power locks	Adds remote keyless entry feature to your vehicle
Interior Theft Sensor	Vehicles with factory-installed security system	Adds shock sensor

MOPAR FEATURES	THE COMPETITION?*
<ul style="list-style-type: none"> • Engineered by Mopar for each DaimlerChrysler Corporation vehicle • Toll-free technical hot line • Tested to ensure no RFI interference with vehicle's electronic system • Low vehicle ignition-off current draw with EVS • Starter interrupt immobilizes vehicle when triggered • Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer 	<ul style="list-style-type: none"> • Is it one size fits all? • Is there a national hot line for field support? • Are crimp connectors required for installation? • Will wires vibrate loose? • Will it affect the engine control computer or other vehicle electrical systems? • Will it cause false triggering? • Will it draw excess current or cause a dead battery? • Does alarm just "make noise?" • Does the warranty compare?

*Check your market for your competitive situation.

NOTE:

If vehicle is under warranty and a replacement module or siren is needed, call (800) 34-MOPAR for warranty replacements. Have EMCR and vehicle information ready.

If customer pays, order:

- 5012164AA for EVS Base module
- 4883255 for EVS II System module
- 05011619AA for EVS Plus module and siren
- 4883257 for keyless entry system module
- 82203198 for replacement siren

EVS and EVS II are registered trademarks of DaimlerChrysler.

SECURITY SYSTEMS, EVS® BASE SYSTEM

EVS Base Security System

EVS BASE SECURITY SYSTEM For Vehicles Without Power Door Locks

Enjoy the convenience and protection of electronic vehicle security at an affordable price! Specifically designed for vehicles without power door locks.

FEATURES:

- Instrument panel warning light
- Warning siren
- Two remote transmitters
- Remote control arm/disarm
- Starter interrupt
- Remote control panic alarm
- Automatic rearming
- Illuminated entry
- Programmable passive or active security arming
- Valet mode

OPTIONAL FEATURES INCLUDE:

- Dual-stage shock/impact sensor
- 30-second headlamp illumination with flashing parking lamps
- Additional remote transmitters

INSTALLATION:

- Comprehensive illustrated installation manual, Owner's Manual and wallet card
- Complete technical support offered at (800) 34-MOPAR

SECURITY SYSTEMS, EVS II® SECURITY SYSTEM

EVS II Security System

EVS II – ELECTRONIC VEHICLE SECURITY SYSTEM For Vehicles With Power Door Locks

Offers state-of-the-art electronic security for vehicles with power door locks and without a factory-installed remote keyless entry system. Protects both your vehicle and its contents.

FEATURES:

- Dual-stage shock/impact sensor
- Remote control door lock/unlock
- Programmable lock/unlock with ignition
- Instrument panel warning light
- Warning siren
- Two remote transmitters
- Remote control arm/disarm
- Starter interrupt

- Remote control panic alarm
- Automatic rearming
- Illuminated entry
- Programmable passive or active security arming
- Valet mode

In addition, optional features include:

- 30-second headlamp illumination with flashing parking lamps
- Additional remote transmitters

INSTALLATION:

- Custom-designed, color-coded, plug-in wiring harness
- Complete technical support, including a toll-free technical hot line: (800) 34-MOPAR

SECURITY SYSTEMS, EVS II® SECURITY SYSTEM WITH SENTRY KEY® AND INTERIOR THEFT SENSOR

EVS II SECURITY SYSTEM WITH SENTRY KEY AND INTERIOR THEFT SENSOR For Vehicles With Factory-Installed Keyless Entry Systems

Turns your factory-installed keyless entry system into an advanced electronic security system. Taking advantage of this upgrade is an easy and economic way to protect your vehicle and its contents. Using your existing keyless entry transmitter, you can access these added security features:

FEATURES:

- Coded ignition key immobilizer
- Interior Theft Sensor
- Panic Feature
- Flashing parking lamps
- Dual-stage shock/impact sensor
- Instrument panel warning light
- Warning siren
- Remote control arm/disarm
- Starter interrupt
- Programmable passive or active security arming
- Valet mode

INSTALLATION:

- Comprehensive illustrated, installation manual; Owner's Manual and wallet card
- Complete technical support, including toll-free technical hot line: (800) 34-MOPAR
- Custom-designed, color-coded plug-in Wiring Harness

SECURITY SYSTEMS, EVS® KEYLESS ENTRY SYSTEM

Keyless Entry System

REMOTE KEYLESS ENTRY For Vehicles with Power Locks

A welcome alternative to fumbling with keys! Add this system to your vehicle equipped with power locks and enjoy the following benefits:

FEATURES:

- Remote control door/liftgate lock/unlock
- Two remote transmitters
- Illuminated entry
- Programmable lock/unlock with ignition
- Keyless entry is a complete remote radio frequency controlled system designed and engineered for your vehicle

OPTIONAL FEATURES INCLUDE:

- 30-second headlamp illumination with flashing parking lamps
- Warning siren for remote control panic alarm (PN 82203198 Siren)
- Complete technical support offered at (800) 34-MOPAR

SECURITY SYSTEMS, EVS II® INTERIOR THEFT SENSOR

EVS II Interior Theft Sensor

EVS II INTERIOR THEFT SENSOR

For Vehicles With a Factory-Installed Security System

Designed for vehicles equipped with a factory-installed security system, the Interior Theft Sensor uses infrared technology to protect the contents of your vehicle.

The Interior Theft Sensor offers:

- Interior vehicle content protection; while factory security systems help prevent vehicles from being stolen, the Interior Theft Sensor guards against vehicle tampering, towing, theft of parts, accessories and contents
- Improved impact-sensing for total vehicle protection, even at areas far away from the sensor like the trunk and tires
- Virtual elimination of false alarms caused by external factors such as sound, radio frequency interference, and moisture or temperature changes
- Low current draws, critical in preventing dead batteries because sensors do their most important work when the car is turned off
- Wide range of sensitivity, so it can be individually adjusted for optimum performance on any vehicle

	2002	2002	3.7L and 4.7L, complete kit	82207488	1.2	3	235.00
Ram Van/Wagon	2002	2001	All engines, complete kit	82206980	1.1	3	235.00
Wrangler	2002	2001	All engines, complete kit	82206977	1.2	3	235.00

⁽¹⁾ Steering Wheel Cover must also be ordered. For Dakota Black use PN 5072977AA; for Durango Dark Slate use PN 5072978AA; for Durango Taupe use PN 5072979AA; for Durango Sandstone use PN 5072980AA.

⁽²⁾ Will fit all 2001 Minivans regardless of build date. For Minivans built before March 15, 2000 use PN 82206343 for 2.4L and PN 82206346 for 3.3L.

⁽³⁾ 1999-2002 diesel only with automatic transmission. No manual transmission kit available.

SPLASH GUARDS, DELUXE ANTI-SPRAY

Cherokee

Ram Pickup

MOPAR FEATURES

- Black Jeep® and Dodge logo on all four splash guards
- Predrilled holes for easy installation
- Ultra rubber antispray construction provides a design to channel water downward, effectively reducing road spray on vehicle
- Authentic Jeep or Dodge design products are designed by the creators of the vehicle
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Jeep and Dodge logos are exclusive to DaimlerChrysler Corporation, Jeep, Dodge and Mopar
- Is drilling through the Splash Guards required, which may cause alignment difficulty?
- Is it thinner "passenger car-style" material?
- Mopar Accessories are the only genuine Jeep or Dodge vehicle-designed products available for the vehicle
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

Predrilled guards allow for easy alignment and installation

SPLASH GUARDS, DELUXE MOLDED

Liberty

Dakota

Durango

Voyager

Sebring

MOPAR FEATURES

- Molded to the contours of the vehicle, custom fit to body panel
- Provide superior protection against mud, gravel, salt and other road debris
- Packaged in pairs
- Can be used for front or rear application
- Thermoplastic Olefin (TPO) construction provides outstanding toughness and flexibility even in extreme temperatures
- Thermoplastic rubber (TPR) construction provides outstanding toughness and flexibility even in extreme temperatures
- Dedicated mounting hardware matches wheelhouse contour
- Pre-drilled holes for easy installation
- Wax-tipped black screws and plastic inserts help prevent rust
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Do they have a universal design? Are there gaps between the guard and the body?
- Are they made of a more rigid plastic, which may break in cold weather?
- Is the hardware universal, making installation more difficult?
- Is drilling through the Splash Guards required, which may cause alignment difficulty?
- Do they use untreated screws, which may promote rust?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Pre-drilled molded guards allow for easy alignment and installation
- Uses existing body holes — no drilling
- Easy alignment and installation
- Packaged in pairs

MOPAR FEATURES

- Uniquely designed for vehicle by the DaimlerChrysler Corporation Design Team
- Molded from fiberglass-reinforced composite materials, one-piece style
- Meets original equipment paint specifications, using base coat/Clear Coat finish
- Painted to match most body colors
- Tested to ensure it does not flutter or rattle at highway speeds
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it a universal fit? Only Mopar products feature true DaimlerChrysler Corporation design
- Is it cut to fit with add-on end caps, which are easy to misalign?
- Does it have a black finish that requires painting? Will it match?
- Will spoiler rattle or flutter at highway speeds?
- Does the warranty compare?

*Check your market for your competitive situation.

- Available in Black and Tan
- Has been tested to withstand a variety of weather conditions
- Thick thread and waxed seams make for improved resistance to water
- Can be removed in minutes
- Keeps cargo out of sight, protected from elements, allows rear seat to be either folded flat or forward
- Flame-retardant fabric with backing to reduce road and wind noise
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does the soft top hardware have to be changed to install?
- Is drilling required?
- Does it align to the predrilled holes?
- Does it fit snugly around the Sports Bar?
- Does the fabric meet DaimlerChrysler Corporation standards for durability and color?
- Is it water resistant?
- Does it take a long time to remove?
- Is the fabric flame retardant?
- Does it have a backing?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Easily installs using Soft Top mounting system
- Hook-and-loop fasteners attach around the Sports Bar
- Use when Soft Top is down
- Fits from behind the front seat to the tailgate

TONNEAU COVER — FABRIC

Easy access to truck bed

Bow attachment

Frame attachment

Tonneau Cover (shown on Dakota)

No drill attaching frame

Tonneau Cover snaps to frame

Clamps to side rail, includes bows

MOPAR FEATURES

- Tough black vinyl fabric with polyester backing
- Shrink-resistant
- Mildew and waterproof fabric; UV-resistant
- "C" channel attachment system deters theft
- Keeps valuables out of sight
- Engineered to fit the unique bed dimensions
- Tailgate frame section can be easily removed for loading tall objects
- Complete one-piece lengths for 5.3', 6.25', 6.5' or 8.0' beds; fabric attached to rail at bulkhead; provides easy access to truck bed
- Cast aluminum corner pieces
- More bows (6.5' bed = 3 bows, 8.0' bed = 4 bows); bows attach to clamps to help prevent snow and water buildup on fabric
- Anodized aluminum; aluminum frame system attaches to bed rail with exclusive clamp system, providing secure attachment
- Quick thumb screw disconnect for tailgate frame seam means easy removal when loading bigger objects
- Haartz® Tonneau Cover (Dakota Quad Cab™) includes same features of our other snapless tonneau covers with a premium, Haartz cloth cover
- Pop-up style opens like trunk lid
- Pop-up style has Premium Haartz® fabric
- Pop-up style has "Quick Latch" frame which allows for easy opening/closing of the cover
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it a universal fit? Does it fit Ram's unique bed dimensions?
- Does the frame consist of a 6.5' length plus a separate extension for 8' usage (two pieces)?
- Are the corner pieces made of plain steel, which may rust?
- Does it have as many bows?
- Is it made of plain steel, which may rust?
- Is the tailgate section permanently installed?
- Does competitors' pop-up style open like a trunk lid?
- Does competitors' pop-up style have Premium Haartz fabric?
- Does the warranty compare?

*Check your market for your competitive situation.

TONNEAU COVER — GULL WING STYLE, FIBERGLASS

Gull Wing Style Tonneau Cover
(shown open on Dakota Quad Cab™)

Gull Wing Style Tonneau Cover
(shown closed on Dakota Quad Cab)

Cargo Area Tray

MOPAR FEATURES

- Brand new innovative design provides superior versatility and functionality by allowing easy access to items stored at front of bed
- Premium cover is reinforced for durability and has corrosion-resistant aluminum frame for added strength
- Protective color-matched trim molding provides smooth-finished edge while rubber bumpers help reduce noise
- Sturdy lock controls both tonneau cover and tailgate access
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Will it rust?
- Is it lockable? Can you lock both cover and tailgate?
- Is the edge bare fiberglass?
- Is the color selection limited? Will it match perfectly?
- Does the warranty compare?

*Check your market for your competitive situation.

	2002	1997	Black Hardtop, medium-tint windows side, light-tint rear	82203607	0.8	T	1,700.00
	2002	2000	Switch and wiring package, includes wiring harness and switches to operate dome light, defroster, wiper and washer	82207078	1.0	T	125.00
TOPS, CONVERSION COMPONENTS — INSTALL A HARDTOP ON A SOFT TOP VEHICLE							
Wrangler	2002	1999	Door Trim Package, Camel, includes interior trim panels, lock cylinders, window cranks, seals and gaskets to complete one set of doors	82205114	0.6	T	149.00
	2002	1999	Door Trim Package, Agate, includes interior trim panels, lock cylinders, window cranks, seals and gaskets to complete one set of doors	82205113	0.6	T	149.00
	2002	1997	Hinge and Mirror Package, includes all four door hinges (Primed), and both mirrors (Black), saves having to remove hinges and mirrors from Soft Top half doors	82203488	0.6	T	115.00

TOPS, SOFT TOP

Soft Top used with half doors
(doors sold separately)

Wider side window surface

New retractable design

Tailgate attachment

Wider Rear Window

All-new frame insert for
doors makes for tighter fit

Soft Top used with
full-length doors

New windshield latch system

New retraction system; easy
as a convertible

Heavier zipper, hook-and-loop
fasteners for tighter seal;
easier to use

MOPAR FEATURES

- Jeep® exclusive plastic header with two quick-release latches
- Zipper and hook-and-loop fastener around windows for a better seal
- Larger side and rear windows than previous Wrangler
- Lower frame profile when the top is down
- Predrilled Sports Bar accommodates top, no drilling
- Removable windows resist cracking and clouding
- 10 pounds lighter than previous top for easier use
- The same top can be used with full or half doors
- Premium heavy-duty sail cloth fabric for reduced interior road noise; available in Black Denim and Tan
- No snaps to snap, no channels to install
- Fold-and-Tumble™ for rear-seat operation for convertible-like use
- Jeep engineering-tested to meet a variety of weather conditions
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Is it attached from outside the vehicle with unsightly fasteners?
- Is it a lighter seal; is there more wind noise?
- Are the windows the same size as the previous Wrangler?
- Is it the same old frame design that stacks high?
- Is drilling required?
- Can the windows be removed; do they cloud up?
- Is it a heavy top?
- Is the top compatible to both vehicle door systems?
- Is it coated?
- Does it reduce interior road noise?
- Does the top snap on?
- Do you have to drill and install side window channels?
- Is it difficult to raise and lower?
- Does it leak wind, water, snow, sand, etc.?
- Does the warranty compare?

TOPS, SOFT TOP BOOT

Soft Top Boot

Pocket with zipper for window storage

Secure to belt rail

MOPAR FEATURES

- High-quality YKK zippers are made of long-lasting acetyl resin, have a greater number of teeth and meet alignment and tolerance requirements
- Can be removed in minutes
- Hook-and-loop fasteners around the side quarter and rear for added sealing
- Flame-retardant fabric with backing
- Boot is made of a tough, vinyl-coated cotton/polyester blend and uses heavy-duty reinforced stitching
- Available in Black Denim and Dark Tan
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Are the zippers made of nylon?
- Do they have fewer teeth, enabling easier misalignment after repeated use?
- Does it take a long time to remove?
- Is the fabric flame retardant?
- Does it have a backing?
- Does the color match?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Easily installs over folded Soft Top
- Seals with hook-and-loop fasteners

TOPS, SOFT — WINDSCREEN

Windscreen, use behind front seat

Attaches to Sports Bar

Hook-and-loop attachment

MOPAR FEATURES

- Windscreen is made of a tough, vinyl-coated cotton/polyester blend and uses heavy-duty reinforced stitching
- Available in Black Denim and Dark Tan
- Thick thread and waxed seams make for an improved resistance to water
- Reduces wind buffeting when top is removed for quieter, more pleasant driving
- Keeps heat in front seat area in winter
- Has been tested to withstand a variety of weather conditions
- Can be removed in minutes
- High-quality window plastic resists clouding
- Pass-through access to rear-seat area
- Fits behind the front seat
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Does it match fabric and color of OE Soft Top?
- Is it water resistant?
- Does it take a long time to remove?
- Will window cloud over time?
- Can you reach items in rear-seat area?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

Attaches to Sports Bar with hook-and-loop fasteners, to floor with mounting plate bracket and to Tonneau Cover with snaps

Secured with floor mounting bracket

Snaps to available Tonneau Cover

TOPS, SUN BONNETS (HALF-TOPS)

Sun Bonnet Top (Bikini Style), includes hardware

Secures with straps to Sports Bar

Custom attachment design exclusive to Mopar for use with the Soft Top door frame

MOPAR FEATURES

- Door attachment is a Mopar exclusive; it eliminates dangling straps, providing a neat appearance
- Thick thread and waxed seams make for an improved resistance to water
- Custom design attachment
- Use with or without Sound Bar
- Channel-style installation — no snaps
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- Do the rear straps tie to the rear tailgate area or rear seats?
- Do the tie-down straps restrict rear-seat usage?
- Does the fabric meet DaimlerChrysler Corporation standards for durability?
- Is it water resistant?
- Does it interfere with Hardtop/Soft Top use?
- Is it one size fits all — that doesn't?
- Does it use difficult-to-fasten snaps?
- Does the warranty compare?

*Check your market for your competitive situation.

INSTALLATION:

- Attaches to specially designed windshield hardware
- Secured with straps to the Sports Bar
- Use Soft Top plastic door frame

- One-piece cast and machined to center on hub, which reduces run out and allows repeatable, more accurate balancing
- Includes branding center caps, a Mopar exclusive
- Polished or painted surfaces with heat-cured acrylic Clear Coat finishes allow for long-lasting good looks and corrosion resistance
- Accepts existing high-quality production chrome lug nuts
- DaimlerChrysler engineering tested for reliability, durability and safety
- Engineered exclusively for Mopar with correct offset, clearance to suspension and brake components
- Tested and approved by DaimlerChrysler Corporation Engineering for fit, performance and reliability on each specific application
- Chrome wheels pass a 192-hour OE salt-bath test to ensure a long-lasting sparkle
- Mopar locking lug nuts may be used
- Mopar Accessories are covered by either the 3-year/36,000-mile New Vehicle Limited Warranty, or the 12-month/12,000-mile Mopar Basic Limited Warranty, whichever is more favorable to the customer

COMPETITORS?*

- "One wheel should fit all" application?
- Do they rely on lug bolts to center because center pilot is enlarged to fit all applications?
- Are special weights restricted to one location, limiting accuracy of dynamic balancing?
- Does it have a heat-cured Clear Coat finish? Or no Clear Coat at all which requires frequent hand polishing?
- Will they require special, extra-cost lug nuts?
- No other manufacturer is authorized to use the Jeep logo
- Only Mopar Accessories are tested by DaimlerChrysler engineering
- Requires special, extra-cost, lower-quality nondescript center caps?
- No other manufacturer is authorized to use the Neon or PT Cruiser logo
- Does the warranty compare?

*Check your market for your competitive situation.

FEATURES:

- Four fully integrated solenoids — two operating solenoids; two backup solenoids
- This product has been designed to meet Federal Motor Vehicle Safety Standards for occupant protection and vehicle lighting
- Design does not adversely affect airflow to the engine compartment or impede operation of the hood

SPECIFICATIONS:

Ramsey Platinum 9000H Winch:

- Rated line pull (single line): 9,000-lb
- Gear Reduction ratio: 138:1
- Motor: Series wound — 4.8 hp (12V) DC
- Drum size: diameter 2.5", length 9"
- Cable length: 150' of $\frac{5}{16}$ " galvanized aircraft cable with clevis hook and hawse fairlead

Pro Plus 8000H and Pro Plus 8000HX Ramsey Winch:

- Rated line pull (single line): 8,000 lb
 - Gear Reduction ratio: 126:1
 - Motor: Series wound — 4.8 hp (12V) DC
 - Drum size: diameter 2.5", length 9" with hawse fairlead
- Choose from 2 models:
- Pro Plus 8000H model with 95' of $\frac{5}{16}$ " galvanized aircraft cable and clevis hook
 - Pro Plus 8000HX model with 150' of $\frac{5}{16}$ " galvanized aircraft cable and clevis hook

Pro Plus 6000H Ramsey Winch:

- Rated line pull (single line): 6,000-lb
- Gear Reduction ratio: 90:1
- Motor: Series wound — 4.8 hp (12V) DC
- Diameter: 2.5", length 9"
- Cable length: 100' of $\frac{1}{4}$ " galvanized aircraft cable with clevis hook and hawse fairlead

Ramsey Winch:

- 6,000-, 8,000- and 9,000-pound rated pull line for heavy-duty applications
- 230- to 400-amp draw at full-rated load
- Weather-shielded solenoids; cam action clutch disengages planetary gear stages for free spooling
- Strong, reliable, automatic load-holding brake
- Electric reversible motor; three-stage planetary gear system
- Black powder-coat finish
- 2.1 hp, 210:1 gear ratio (Pro 6000, Pro 8000), 138:1 gear ratio (Pro 9000), free-spooling clutch, weighs 95 lb, remote control

Warn Winch:

- 9,000-pound rated pull line for heavy-duty applications
- 230- to 280-amp draw at full-rated load
- Weather-shielded solenoids; cam action clutch disengages planetary gear stages for free spooling
- Strong, reliable, automatic load-holding brake
- Electric reversible motor; three-stage planetary gear system
- Black powder-coat finish

SPECIFICATIONS:

- 4.8 hp, 216:1 gear ratio, free spooling clutch, 100' of $\frac{5}{16}$ " wire rope, weighs 74 lb, remote control (Wrangler)
- 4.6-hp, 156:1 gear ratio, free spooling clutch, 125' of $\frac{5}{16}$ " wire rope, weighs 82.5 lb, remote control (Dakota/Durango)
- 4.6-hp, 156:1 gear ratio, free spooling clutch, 100' of $\frac{5}{16}$ " wire rope, weighs 78 lb, remote control (Ram)

INSTALLATION — JEEP®:

- Custom Grille Guard Mounting System for Cherokee
- Bolts to vehicle frame
- Some drilling may be required for solenoid assembly
- Utilizes bumper mounting holes
- Can be used with some Mopar Grille Guards

INSTALLATION — TRUCK:

- Custom Grille Guard Mounting System
- Bolts to existing frame
- Cannot be used with Mopar Grille Guards (Warn)
- 4WD Durangos only

NOTE: Heavy-duty alternator, battery, springs and shock absorbers recommended for Winch installation. Check Owner's Manual for installation requirements.
