ORDERING INFORMATION

All Mopar® vehicle care and maintenance products may be ordered via the normal Mopar Parts ordering functions on DealerCONNECT.

Mopar vehicle care and maintenance products are stocked at Mopar Parts Distribution Centers (PDC).

DEPARTMENT OF TRANSPORTATION REQUIREMENTS

The U.S. Department of Transportation (DOT) strictly regulates the packaging, labeling and shipping of hazardous materials that are transported via ground or air. Particular restrictions are placed on hazardous materials that can be shipped via air. DOT federal regulations found at 49 CFR Part 172 Subpart H provide that you or your employees are required to receive INITIAL (within 90 days of beginning employment) and RECURRING (minimum of at least once every 3 years) hazardous materials training IF you meet the following criteria:

- If you or any employee ever work in an area involved with the shipping or receiving of hazardous materials or work in the hazardous materials handling area
- If you or any employee are ever involved in any aspect of transporting hazardous materials by ground or air
- If you or any employee are involved with preparing hazardous materials for transport

Mopar recognizes that hazardous materials pose a risk to health, safety and the environment when being transported. Mopar strictly complies with all DOT Hazardous Materials Regulations (HMR) to ensure both a high level of security and employee safety when shipping our products. Mopar's commitment to HMR compliance includes providing the appropriate packaging and labeling to ensure proper shipping of our products.

It is important that you understand your responsibilities as an employer/shipper and the consequences of failing to comply with federal DOT Hazardous Materials Regulations when shipping or returning vehicle parts and maintenance products to Mopar. By strictly adhering to HMR requirements, you will be able to safely and properly ship any returned parts or maintenance products to Mopar.

For more information on compliance requirements, please visit the DOT Web site at: <http://hazmat.dot.gov>.

MATERIAL SAFETY DATA SHEETS

The Federal Hazard Communication Standard and many state regulations require that Material Safety Data Sheets (MSDS) be readily available for all applicable products to users of those products. The MSDS provides detailed health, handling and safety information on the particular product.

DealerCONNECT ACCESS TO MATERIAL SAFETY DATA SHEETS

DealerCONNECT Interactive Access to Material Safety Data Sheets (MSDS) allows for quick and easy retrieval of an MSDS for any potentially hazardous part. The following procedure is designed to guide you through the basic steps for interactively accessing a Material Safety Data Sheet (MSDS) through DealerCONNECT.

1. Log on to DealerCONNECT using <https://dealerconnect.chrysler.com>.
2. From the DealerCONNECT welcome screen, sign on with your Dealer ID, Password, and Dealer Code, Press the **[SUBMIT]** key.
3. From the DealerCONNECT homepage, click on the **[PARTS]** tab.
4. From the Parts page, click on the **[MSDS]** link under the Reference Library.
5. Type in the Part Number on the MSDS inquiry screen and click on the **[SEARCH]** key.
6. Select the appropriate product and click on the **[DISPLAY MSDS]** key.

TO PRINT AN MSDS:

Once the MSDS sheet is displayed, click on the **[PRINTER]** icon on the toolbar to print.

CONTROL INFORMATION

For 24-hour poison control information, call the Security Information Center **(248) 576-8888**.

MOPAR® BULK OIL AND MBO REWARDS PROGRAM UPDATE

July 2014

Mopar® Bulk Oil program continues to grow and evolve to better meet the requirements of our valued customers, FCA US LLC dealers. Dealers who purchase (delivered and invoiced) a minimum of 360 gallons of Mopar Bulk Oil product over a rolling three (3) month period will qualify for MBO Rewards program credits. ATF+4 purchase volume is included in the qualifying 360 gallon bulk purchase calculation as long as at least one grade of oil is purchased.

Dealers who do not have the dedicated capacity for bulk storage can earn the same MBO Rewards by purchasing 55 gallon drum product (minimum of 360 gallons of drum product over a rolling three (3) month period). ATF+4 drum purchase volume is included in the qualifying 360 gallon drum purchase calculation as long as at least one grade of oil is purchased.

MBO Rewards credit requires the dealer's retail service sales data to be extracted from the Dealers DBS and transmitted to Mopar.

1. **MBO Rewards** dealers receive monthly credit, based on the retail sales (sold on a CRO, IRO or Service Contract) of the following Mopar parts:

- Mopar Oil Filters - Earn 45% of dealer net MBO Rewards credit*
- Mopar Air Filters - Earn 25% of dealer net MBO Rewards credit*
- MBO Rewards credit requires the retail sale of the Mopar bulk oil quart part number on the same repair order

2. **Mopar Bulk Oil** Cash Back is a quarterly rebate based on the total combined purchases of Mopar Bulk Oil/ ATF+4.

QUARTERLY CASH BACK SCALE

500 to 999 gallons	\$0.05 per gallon
1,000 to 1,499 gallons	\$0.10 per gallon
1,500 to 2,999 gallons	\$0.15 per gallon
3,000 to 5,999 gallons	\$0.20 per gallon
6,000 to 11,999 gallons	\$0.30 per gallon
12,000 to 19,999 gallons	\$0.50 per gallon

HIGH VOLUME QUARTERLY CASH BACK SCALE

20,000 to 34,999 gallons	\$0.60 per gallon
35,000+ gallons	\$0.70 per gallon

3. **Mopar Bulk Oil** 100% interest-free funding through Shell Lubricants for Express Lane loans up to five years.

4. **Mopar Bulk Oil** is delivered and invoiced in metered gallons. Dealers must use the bulk quart part numbers listed in the first column that correspond with the gallon part number invoiced to report sales and charge out Mopar Bulk Oil/ATF+4 in the parts section of a CRO, IRO or Service Contract:
